

Policy Statement

EnviroCert International, Inc. (ECI), will provide exam results as pass/fail only. Applicants that question the result of the examination may appeal to the Program Department for review of their examination.

Due to the use of scantron technology for paper examinations, appeals are limited to review of the scantron form for erroneous markings that may skew the results. On-line examination results may not be appealed. If an examination question or wording of an examination question is the concern, the applicant may submit a written request to the Program Department per ECI Policy PS 6006.

BACKGROUND

In the past ECI has allowed applicants to appeal their examination results but did not have a consistent method of handling these appeals.

PURPOSE

To provide a consistent methodology for appeal of examination results.

Procedures

General

All appeals concerning examination results shall be submitted in writing to the Program Department.

Once an appeal is received it shall be reviewed for merit by the Program Department.

If the Program Department finds merit in the appeal, the examination may be rescored if the erroneous markings would affect the pass/fail result.

If the rescoring affects the pass/fail result, the Program Department shall repost the examination results.

The Program Department shall notify the applicant of the result of their appeal, either by mail or email.
